Manage all types of loans with automated EMI calculation, interest posting, document generation, and borrower-wise tracking—streamlining finance operations directly within Tally for lenders and NBFCs.

KEY FEATURES & BENEFITS

Complete Loan Lifecycle Management	Manage all loan types—2-wheeler, 4-wheeler, gold, property, and more—with full tracking of borrower, guarantor, insurance, property, and documents.
Automated EMI & Interest Calculation	Auto-calculate EMI based on principal, ROI, and tenure; monthly interest posting and penalty interest handling without manual entry.
Smart EMI Collection & NACH Integration	Accept payments via Cheque, ECS, NACH, or Cash, with auto-posting of receipts and generation of NACH files for bank upload.
Borrower-Centric Reports & Tracking	Track borrower-wise and date-wise EMI outstanding, with area-wise borrower listings for better follow-ups.
Automated Documentation & Letters	Generate and print delivery orders, agreement letters, NOCs, advocate notices, seizing/pre-closure letters with one click.
Comprehensive Document & Exception Management	Maintain a summary of all related documents and get exception reports for missing data or overdue accounts.
Fully Integrated with TallyPrime	Seamless posting to borrower ledgers and finance-related transactions—no manual duplication, fully Tally-native.
