Seamlessly import spare parts purchases, job card sales, and other transactions from DMS to Tally in one click. Auto-create items, update GST/HSN, and maintain perfect inventory for faster GST filing.

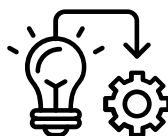

KEY FEATURES & BENEFITS

One-Click Data Import from DMS	Seamlessly import Spare Parts Purchases, Sales, and Job Card Sales data from your Dealer Management System (DMS) into Tally—instantly, with just one click.
Auto Creation of Spare Part Items	No need to pre-create items in Tally. The system automatically generates new spare part entries during import.
Automatic GST & HSN Updates	Keep your tax data accurate with auto-updates of GST rates, HSN codes, locations, and other key master fields.
No Configuration Needed in DMS	Fully plug-and-play. Works without modifying or integrating with the DMS setup—just map, import, and go.
Streamlined Inventory Management	Eliminate manual entry errors and maintain perfect inventory records for spares and service items.
Improved GST Filing Readiness	Ensure accurate sales and purchase data flow into Tally, making GSTR-1 and GSTR-3B filing faster and error-free.
Time-Saving & Scalable Solution	Perfect for multi-branch dealerships—reduces manual work and standardizes processes across locations.
