www.tallytact.com

Built for 2W/3W/4W dealers, this module handles vehicle booking, invoicing, RTO forms, stock import, and financer tracking. Get model-wise stock reports, print gate passes, and automate operations directly inside Tally.
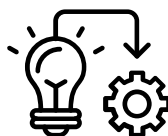

KEY FEATURES & BENEFITS

Auto Import of Vehicle & Spares Data	Auto-generate vehicle records with Chassis No., Engine No., Model, Color, Manufacturing Date, and more in a single step.
Complete Booking to Delivery Workflow	Manage customer bookings, allotments, gate passes, and receipts with ready-to-use formats for Customer & RTO Invoices.
Integrated RTO, Insurance & Financer Management	Track network dealers, finance partners, and insurance providers with built-in outstanding and status reports.
Auto RTO Form Printing	Instantly generate and print all required RTO forms directly from Tally—fast, compliant, and hassle-free.
Advanced Stock Reporting	Get detailed Model-wise, Color-wise, and Chassis-wise stock reports along with enhanced stock summaries.
User-Configurable Reports	Generate monthly columnar sales vs. purchase comparisons, financer-wise and dealer-wise outstanding reports, and tailor other reports to suit your business needs.
Complete Booking to Delivery Workflow	Manage customer bookings, allotments, gate passes, and receipts with ready-to-use formats for Customer & RTO Invoices.
